THE LARGEST CIRCULATION Of Any Daily Published in East Tennessee

THE WEEKLY CHRONICLE

Publishes in every issue, facts about the soil, climat productions, price of lands, and advantages offered to immigrants in East Tennessee. These articles are intended to afford reliable information to strangers, and are prepared carefully and afford the cheapest and most reliable information obtainable. Specimen copies of the paper sent on application. For terms of s 1bscription see fourth page.

CINCINNATI is just now being entertained with a kind of savage warfare between the Commercial and Gazette. The controversy is quite spirited, in which the veracity of each party is occasionally questioned by the other.

THE Appeal reports the total number of deaths in Memphis for the twenty-four hours ending with Sunday evening, to be eighteen, of which nine were from cholera. This is a falling off of more than fifty on the day previous, and we sincerely trust that in a few more days we can announce the disappearance of the disease from that

THE new Oregon Senator seems to be a "bad egg." His name is not Mitchell as he would have his constituents believe, but Hipple instead. His first important exploit was to marry an innocent, clever woman in Pennsylvania and then basely Nearly opposite Heald and Locke's old stand, formerly occupied by Paulett & Co., desert her. Going to Oregon, he changed his name, and strangely enough, succeeded in getting elected to the Senate. He may not take his seat in that body.

GENERAL BEN BUTLER is fairly on the track as a candidate for Governor of Massachusetts. He says he will not feel un- of everything pertaining to their line. kindly to those friends who may oppose him, but that his heart will beat a little warmer for those who favor him. Benjamin is a knotty customer. He isn't exactly the kind of a man to be taken to one's bosom, and yet he is not to be kicked by every passer-by. About the best thing for those to do who can't endure his company is to let him severely alone.

THE Memphis Appeal says to its correspondents that "they must confine themselves to three letter-sheets at farthest. They must condense. Communications of greater length will hereafter be thrown into the waste-basket without even the courtesy of a reading. We had rather our friends should 'cut and come again' than overdose us with columns of words without ideas. Hereafter we shall rigidly enforce our rules of brevity."

We do not believe in making such an arbitrary rule for in some special, important, exciting news we might want five or six pages. But in nine cases out of ten the Appeal's rule is a good one. Few, very few correspondents know when they have | Call and examine and save money. said enough. They have a weakness for thinking their writing is an exception. They think editors do not mean them when they beg for short communications. Short, pointed news letters are always acceptable. But like the Appeal we say "condense."

ABOUT REGISTER'S FEES

We have received from M. B. Strunk, Clerk of Scott county Court, a communication eight pages long, defending himselfagainst some unjust reflections made by the South., a newspaper misnamed and published in New York, A Mr. Lockd, of New York City, sent to Mr. Strunk a deed for registration. The consideration named on the face was \$5,000. According to law, Mr. Strunk required charges to the amount of \$13-\$10 for State and County tax on consideration for sale of land. Register's fee \$2 and Clerk's fee \$1. These taxes are according tollaw. Mr. Locke not familiar with the State and county tax law, thought the Prepared with outfit of hest Job Material for doing claim of Mr. Strunk extertionate, and so rushed into print. The editor of the South, goes off on his ignorance and concludes it must be a fraud. Thereupon, assuming to be "the guardian of Tennessee at the Metropolis," the South feels compelled to speak, and it speaks as might be expected -ignorantly. Mr. Strunk need not feel aggrieved. The South is a paper with a pretentious name, but with little circulation or influence. But for the Nashville Banner republishing it, the article referred to would never have been heard of. We have not room for Mr. Strunk's communication, but give him the benefit of a hearing by means of this article.

In August, Kentucky will elect a State HAND Legislature. The State has been so cursed with incompetent men in that capacity that the people are waking up on the subject. The Courier Journal makes up the following list of questions to be propounded to candidates for the Legislature

"First—Are you in favor of initiating the process of revising the present constitution at the ensuing session of the General As-

Second—Are you in favor of promoting the farming interests of Kentucky by supporting a liberal appropriation for the purpose of encouraging immigration?

Third—Will you accept a free pass, of any description, over the line of any common carrier approach.

mon carrier, especially from a railroad company, in this Commonwealth? and will you support a measure prohibiting the acceptance thereof by any judicial, leg-islative or executive officer of Kentucky? Fourth—Are you in favor of saving the people's money by biennial sessions, or wasting it by annual sessions?

Fifth—Will you discourage special legis-lation, and to that end oppose the incor-poration of any company that can be or-ganized under the existing general laws?"

That second resolution looks very much like excluding Democrats, for who ever

heard of Kentucky Democrats in favor of immigration,?

To the second question, should be added the inquiry as to the matter of free whisky. It occurs to us that the Courier-Journal is very rigid in its exactions, taking into consideration, the class it is to effect. The change is too great and too sudden. When Kentucky Democrats vote in favor of immigration and refuse to accept free passes, the millenium may be looked for as near at hand.

Tumor of Twelve Years' Growth Cared by Radway's Resolvent. BEVERLY, MASS., July 18, 1869.

Dr. Radway—I have had Ovarian Tumor in the ovaries and bowels. All the doctors said "there was no help for it." I tried everything that was recommended, but nothing helped me. I saw your Resolvent, and thought I would try it, but had no faith init. because I had suffered for twelve years. I took six bottles of the Resolvent, one box of Radways Pills and used two bottles of your Ready Relief; and there is not a sign of a Tumor to be seen or felt, and I feel not a sign of a Tumor to be seen or felt, and I feel years. The worst Tumor was in the left side of the bowels, over the groin. I write this to you for the berefit of others. You can publish it if you choose.

HANNAH P. KNAPP. AN IMPORTANT LETTER

from a prominent gentleman and resident of Cincinnati, Ohio, for the past forty years well known to the newspaper publishers throughout the United States:

NEW YORK, Oct. 11th, 1870.

DR. RADWAY—Dear Sir: I am induced by a sense of duty to the suffering to make a brief statement of the working of your medicine on myself. For several years I had been affected with some trouble in the bladder and urinary organs, which some twelve months ago calminated in a teribly afflicting disease, which the physicians all said was a spasmodic stricture, in the urethra as also inflammation of the kidneys and bladder, and gave it as their opinion that my age—73 years—would prevent my ever getting radically cured. I der, and gave it as their opinion that my age—73 years—would prevent my ever getting radically cured. I had tried a number of physicians, and had taken a large quantity of medicine, both alopathic and homeopathic, but got no relief. I had read of astonishing cures having been made by your remedies; and some four months ago I read a notice in the Philadelphia Saturday Evening Post of a cure having been effected on a person who had long been suffering as I had been. I went right off and got some of each—your Sarsaparillian Resolvent, Ready Relief and Regulating Pills—and commenced taking them. In ree days I was greatly relieved, and now feel as well as ever.
